

The EGU Equality, Diversity and Inclusion (EDI) committee is excited to offer you the opportunity to participate in a bystander intervention workshop held by AdvanceGeo:

Improving Workplace Climate: Empowering Individuals to Become Active Bystanders

Location & Date: online, Friday, November 22, 2024

Time: 2-5pm (CET)

Register here: <https://us02web.zoom.us/meeting/register/tZYtc-yurTMiGNfZns9e2v42PfwOXpMrgfrX>

Note: the workshop is free of charge, however, we have limited capacity and spots will be allocated based on who registers first.

Empowering scientists to transform workplace climate

The European Geosciences Union, through its [EDI committee](#) aims to promote and support equality, diversity, and inclusion in the Earth and space sciences, with a focus on EGU activities. The EDI committee works closely with the EGU Council and Outreach Committee to implement activities that promote equality, diversity and inclusion.

[ADVANCEGeo](#) is a national, interdisciplinary, and multi-institutional Partnership founded through a National Science Foundation award to improve workplace climate conditions through the promotion of bystander intervention education and policies to appropriately respond to and prevent harassment, bullying, and other identity-based exclusionary behaviors in research and learning environments.
